

myFUTURE NC

Develop a comprehensive statewide education attainment plan from early childhood through postsecondary

Break down silos and use all educational resources in the state

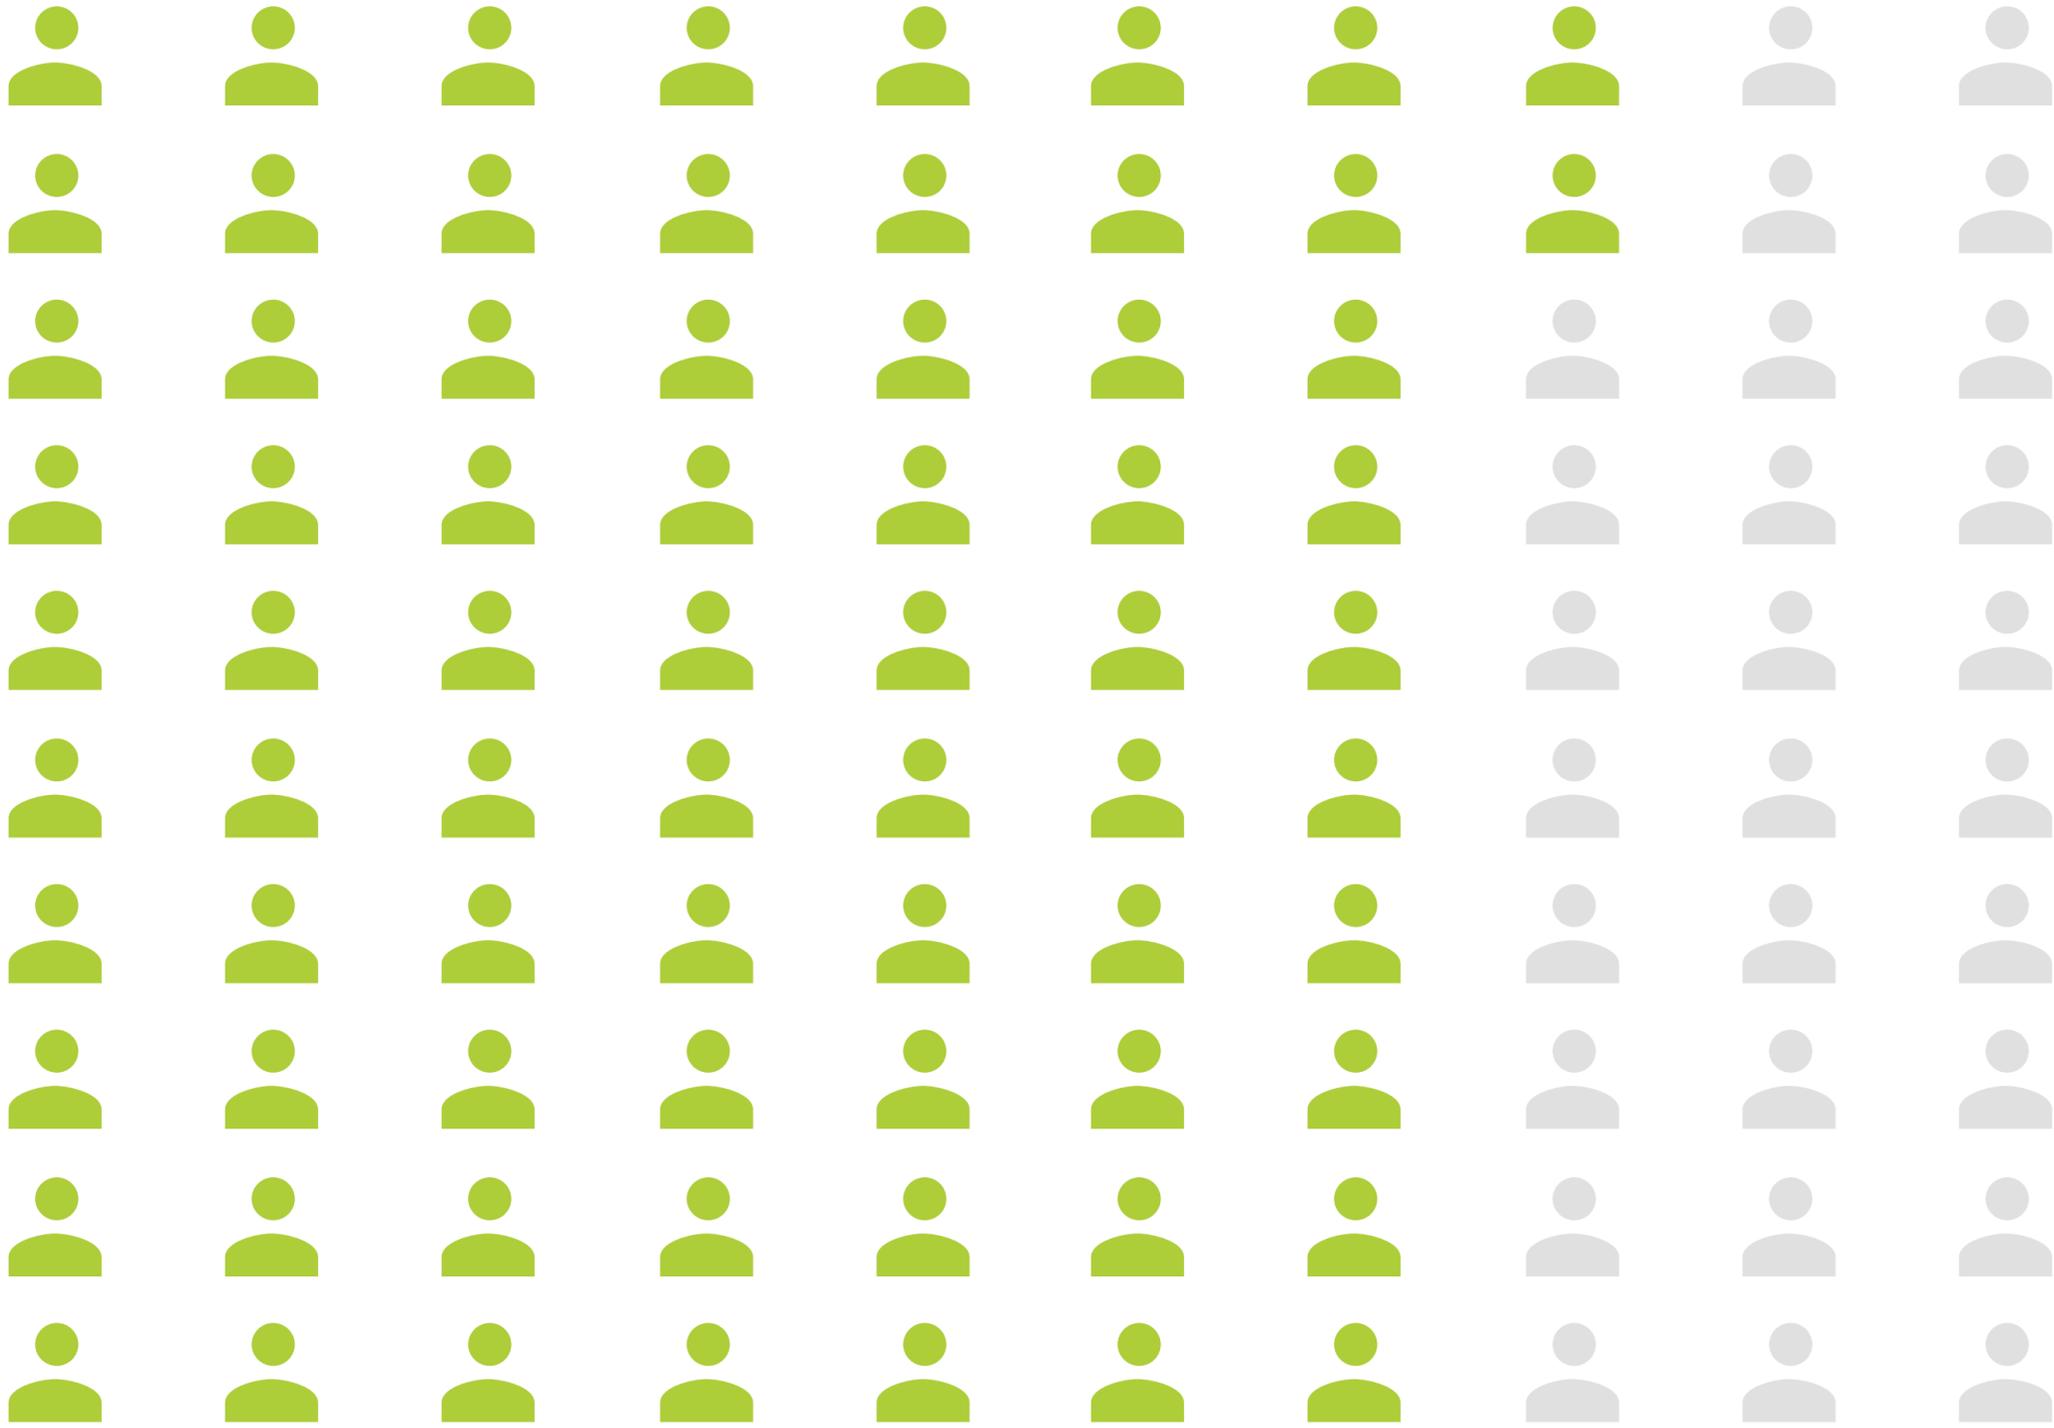

Raise public awareness and engagement

THE REALITY

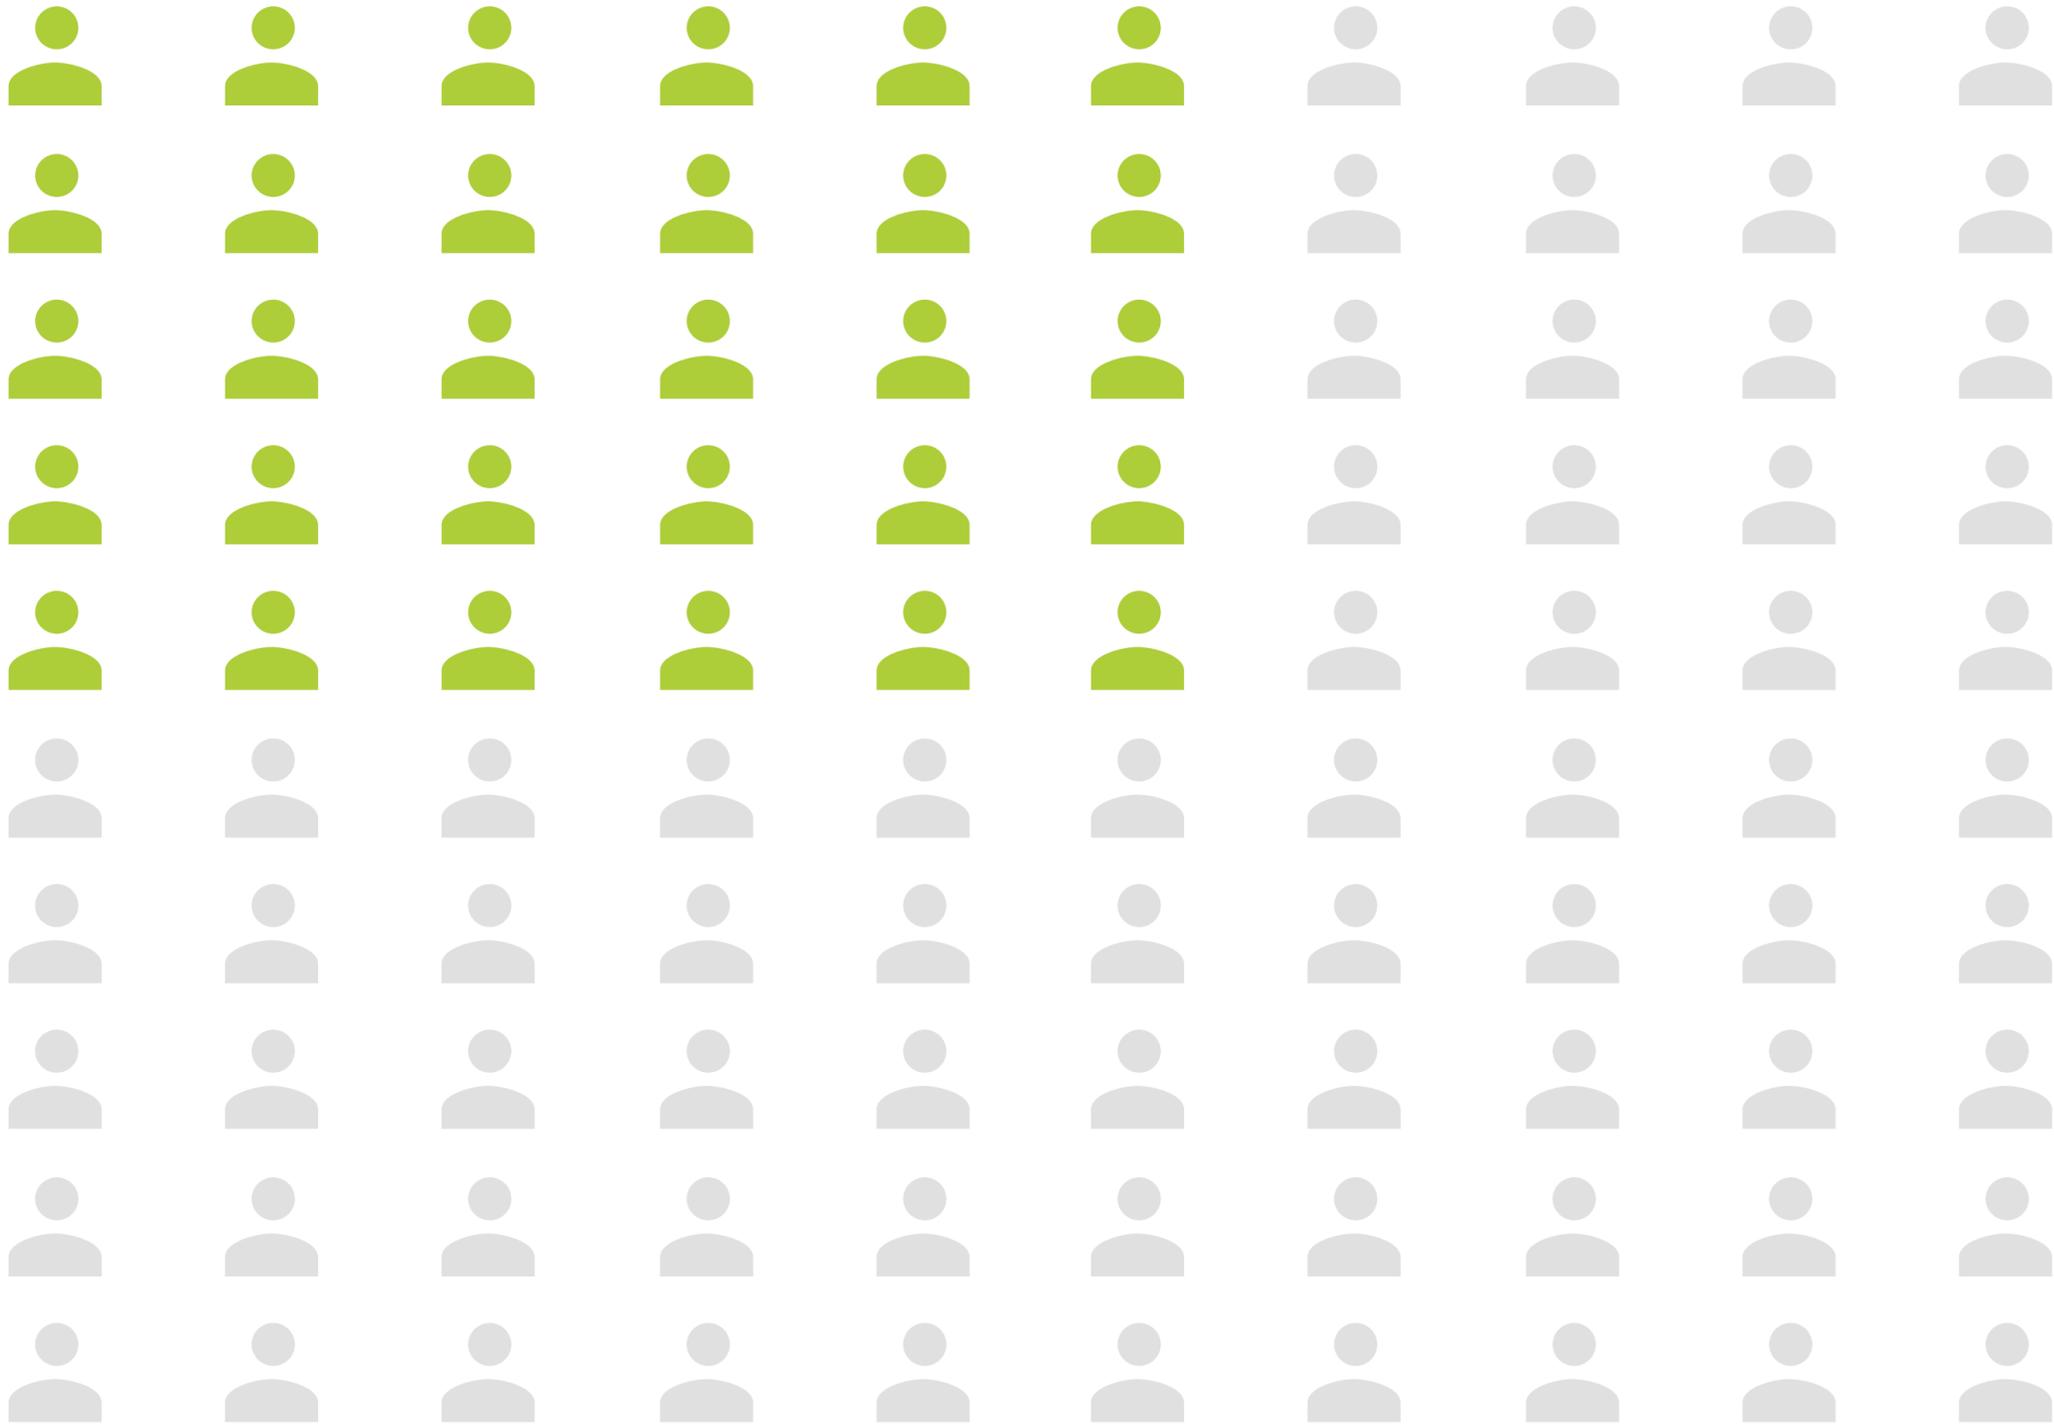

For every **100 9th graders**
in North Carolina ...

*my***FUTURE NC**

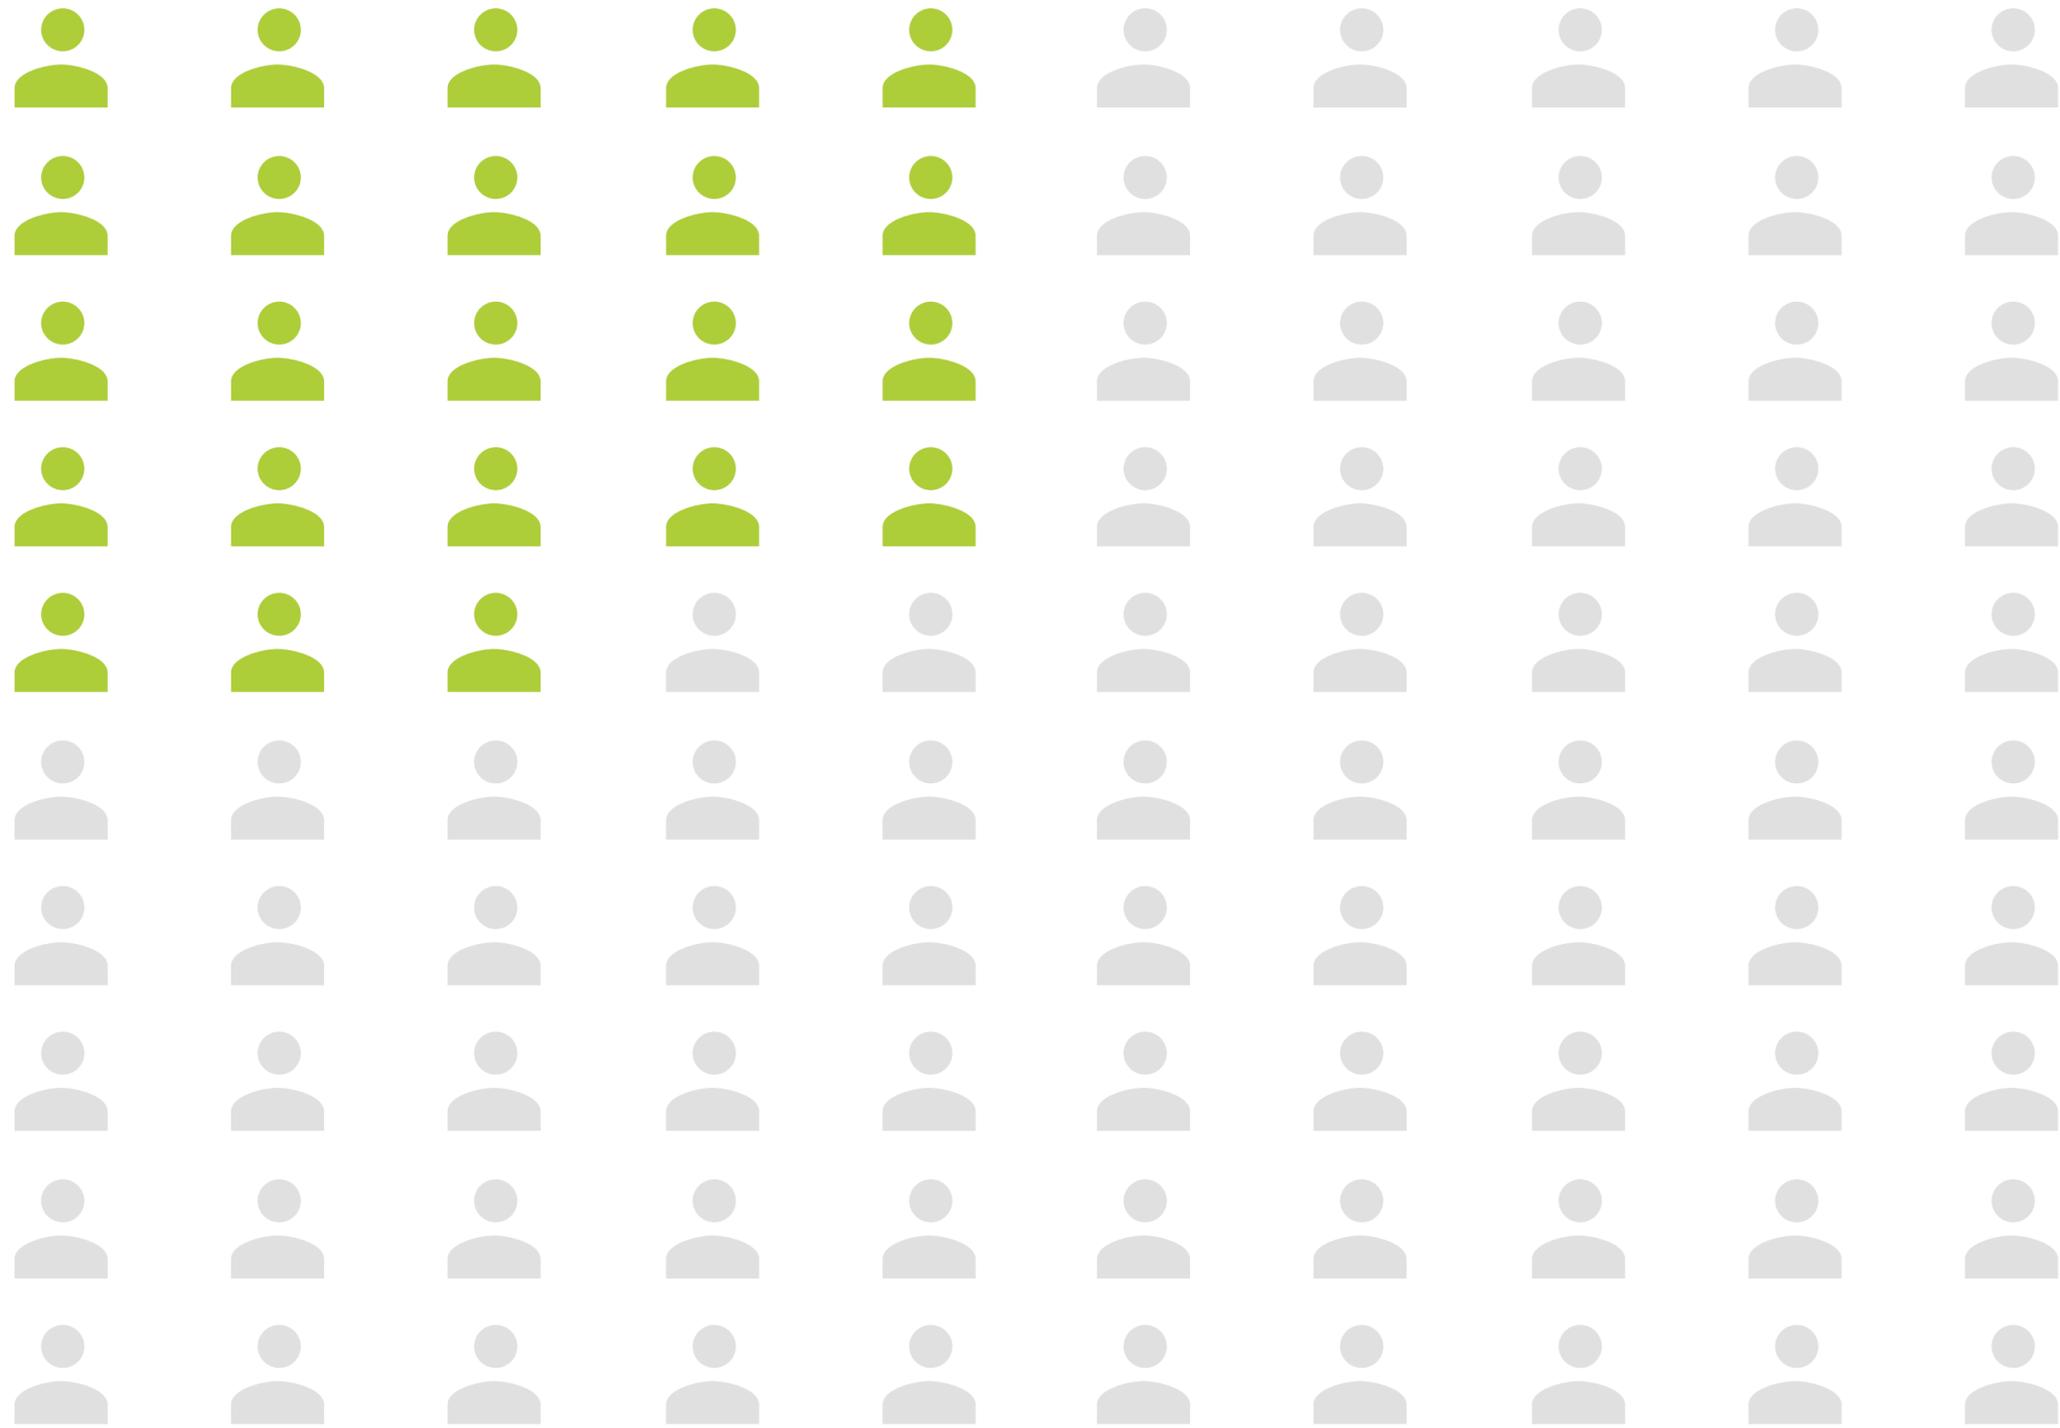

72 of them intend to either go to college, enroll in the military or join the workforce ...

Only **30 of them** will graduate with a degree in six years (associates or bachelors) ...

... and **23 of them** will have some college, but no degree.

myFUTURE NC

Align existing statewide attainment goals to create a coordinated plan across the entire education continuum

Identify a statewide goal for the number of North Carolinians who need education beyond high school

Recommend the policy reforms and initiatives necessary to achieve those goals
